A VITAL VET PRODUCTION

ABOUT STAAR CONFERENCE

OUR MISSION

STAAR Conference delivers hands-on, practical education in veterinary rehabilitation, sports-medicine, fitness, and wellness through small-group workshops, expert lectures, and collaborative discussion. Built by and for the veterinary community, STAAR empowers professionals with the skills, knowledge, and connections to advance and shape the future of animal healthcare.

Symposium on Therapeutic Advances in Animal Rehabilitation (STAAR)- a Vital Vet production. 2023

“STAAR provides education one cannot find at national or specialist conferences

because of its exemplary educational quality, integration of the many sub-professions involved in veterinary rehab, and the focus on specific, difficult topics. My interactions with a wide range of amazing peers and instructors from all walks of veterinary rehabilitation, sports fitness and conditioning, and physical therapy allowed me to share/gain invaluable information, refined my focus on key learning issues, and led me to explore new treatment regimens for my own patients.”

OUR ATTENDEES

2025 CONFERENCE STATS

- 17 Workshop labs with live dogs (from 4 - 20 CEs/lab)
- First-ever, pivotal Panel Discussion with industry leaders and key decision-makers *“Mindful and Responsible Leadership in Animal Rehabilitation”*
- 15 world-class instructors and speakers
- 252 attendees from US, UK, Canada, Costa Rica, Singapore, Australia, and New Zealand
- 57% veterinary professionals; 41% physical therapists; 2% other disciplines
- 106 dog volunteers
- 86 ultra-dedicated pet parents

WHY STAAR LEADS THE PACK

- 78% of STAAR attendees are key decision-makers / practice owners
- 100% of STAAR attendees visit the exhibit hall

STAAR IS WHERE YOU MEET 100% OF YOUR TARGET MARKET

Connect with the exact veterinary professionals who understand the industry, and where

78% can say “YES” to buy, and

100% can say “YES” to recommend and implement

“Attending STAAR, as a veterinarian, vendor, and now deepening my expertise as a rehabilitation student, has been truly transformative.

The hands-on workshops and collaborative spirit have already reshaped how I approach patient care, blending clinical rigor with cutting-edge rehab techniques. I’m proud to share these insights with our community and excited to see the positive impact on animal wellness.”

Jaime Pickett, DVM, MBA, Chief Medical Officer, Equusir USA

“The STAAR Conference is an incredible opportunity to learn from some of the best in veterinary rehabilitation.

What sets STAAR above other conferences is the hands-on time with dogs that are part of every lecture allowing you a chance to practice what you just learned. The small class size allows opportunities to have your questions answered and your techniques improved if needed. The STAAR Conference also allows you to build relationships with other rehabilitation practitioners, specialists and vendors that can be a valuable resource. It is a fantastic conference run by great people. **Just go, you will gain so much information.”**

Nancy Peterson, DVM, CCRT, CVA, CVSMT
